

 **Poolican®**
NEW EDITION

Your **4-in-1** pool manager ! 

CIRCULATION | FILTRATION | HEATING | WATER TREATMENT

Poolican combines the three elements essential to clean and healthy water : **a circulation pump, an effective cartridge filter, and a salt electrolyser for natural disinfection.** And Poolex goes even further by integrating a 4th element essential to your comfort : **a Full Inverter heat pump** guaranteeing a water temperature always perfect for your bathing.

- **Simplified maintenance** : Automatic water circulation control.
- **Crystal clear water** : High performance cartridge filtration system.
- **A healthy & balanced water** : Automatic salt electrolysis treatment.
- **Ideal temperature all year round** : Full Inverter heat pump.
- **Lighting control** NEW

POOLEX
FOLLOW THE EXPERT

THE TECHNICAL ROOM 2.0

You are overwhelmed by all the equipment needed to keep your pool spotless and functional ? Poolex has the solution for you with the Poolican, an intuitive device that completely simplifies the management of your pool. **Compact and easy to install**, Poolican fits perfectly near your pool and **simply connects to a standard power outlet**. Once in service, it allows **complete and optimized remote management via the Poolex application**.

You control in real time **the water circulation, filtration, disinfection, heating and lighting of the pool**, all from your smartphone, with greater precision. The Poolican streamlines your pool management by centralizing all essential functions, offering an all-in-one solution for maximum performance and a simplified maintenance.

TECHNICAL CHARACTERISTICS

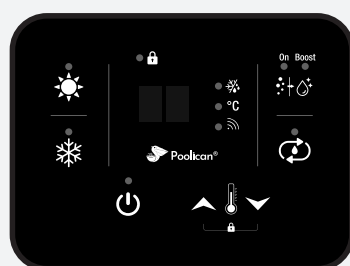

GENERAL	
Pool volume	25 m ³
Power supply	230V - 50 Hz
Max power.	1,25 kW
Connections	32 / 38 mm
Dimensions	805 x 405 x 595 mm
Noise level at 10m	≤ 28 dB
LED light	12 vdc / 60 W
Warranty	2 years
FILTRATION	
Filter D127 x H235 anti-bacterial	
Pureflow as an option	

HEAT PUMP 5KW		
Air 26°C / Water 26°C	Capacity	5kW
	Power consumption	0,91 kW
	COP	5,5
Temperature range		15 / 40°C
Operating range		-7 / 43°C
Refrigerant		R32
Type of compressor		Rotary
Functions		Heating / Cooling / Auto

SALT CHLORINATOR	
Salinity	3,5 g/l
Production rate max.	5 g/l
Cell cleaning	Reverse polarity
Operating modes	2 modes : normal / boost

CIRCULATION	
Flow	5.5 m ³ /h
Power	140 W

CENTRALIZED CONTROL AND CONNECTED

HEAT PUMP
Full Inverter
