## BREAM 10'6''

### Discover new horizons

Thanks to its **tapered tail** and 3.2-metre length, the Bream can reach high speeds and glide along smoothly. Get ready to discover unusual places while enjoying optimum comfort: **a kayak seat and double-bladed paddle are supplied, making it easy to navigate from a seated position.**

**This model is ideal for beginners and intermediates who want to progress quickly.** As well as its innovative, futuristic design, it has a very comfortable EVA mat with a kick pad on the tail. This raised section at the rear provides perfect support for easy turns in the waves.

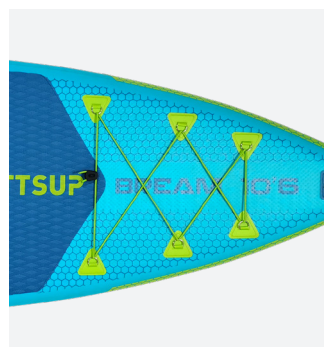

Perfect glide thanks to 3 fins  
(1 removable + 2 fixed)

Ultra-comfortable EVA mat  
with kick pad on tail

2 in 1 use:  
fastening and kayak chair
